APPES-ISPAE Joint Meeting 2024

October 2 - 5, 2024

Yashobhoomi (India International Convention & Expo Centre), Dwarka, New Delhi

The 13th Biennial Scientific Meeting of APPES, co-organised by the Asia Pacific Pediatric Endocrine Society (APPES) & Indian Society for Pediatric and Adolescent Endocrinology (ISPAE)

Dear All,

The APPES and ISPAE invite you to the **The 13th Biennial Scientific Meeting of APPES, co-organised by the Asia Pacific Pediatric Endocrine Society (APPES) & Indian Society for Pediatric and Adolescent Endocrinology (ISPAE)**, in **New Delhi in October 2024**. The APPES Scientific meeting is happening in India for the first time.

After virtual meetings of APPES in 2021 and a Hybrid meeting in 2022, we plan to meet face-to-face for this meeting. We promise to make this meeting a memorable one by offering a whole platter of academic feast and a heartwarming experience of the cultural heritage of New Delhi.

New Delhi is the capital city of India and the main business and political hub, with a perfect blend of modernity and ancient Indian culture. New Delhi has one of the busiest and most modern international airports and is well connected by many direct International flights to all major cities in the Asia-Pacific region. It is also not far from most of the countries in the Asia-Pacific region. New Delhi enjoys very pleasant weather during the October month.

Delhi is part of the golden triangle of India, “Delhi-Jaipur-Agra”, and India’s most prominent tourist attraction. The Taj-Mahal, winner of the “New 7 Wonders of the World”, is just 230 kms (3-4 hour’s drive) from Delhi, and is a major tourist attraction, visited by approximately 10 million tourists every year. There are plenty of 1-3 days tours to important tourist places available nearby for the accompanying family members, etc. There are several historical places and monuments (Qutub-Minar, Red Fort, Lotus Temple, India Gate, etc.) within the city to tour. Delhi also offers plenty of opportunities for shopping for local handicrafts.

Delhi, the capital of India, is not just a single city, but many cities reborn to become one. This lively metropolis is an intense blend of cultures, cuisines and people. Seeped into its rich fabric are traditions, monuments & geography that connect its historical grandeur with the current modern era. From the labyrinth of narrow lanes, old havelis and colourful bazaars of Old Delhi to the best features of a modern city such as a metro system, gleaming malls, bustling markets and fabulous eating places; the past and the present mix seamlessly together in Delhi. There's so much to experience here, and enough to leave you coming back for more.
